REASONS FOR ALLOWANCE

1. The following is an Examiner's Statement of Reasons for Allowance: Claims 1-3, 5, 9-17, 19, and 23-32 are allowable over the prior art of record.

The examiner has found that the prior art of record does not teach or suggest or render obvious a specific combination of a system and method for provisioning a network device with a boot file.

Specifically, the prior art of record does not teach or suggest or render obvious the limitations that generate a boot file template, which is associated with a boot file template identifier and comprising an attribute associated with the network device; receive a boot file request from the network device comprising the boot file template identifier and an attribute value associated with the attribute; and create a boot file by selecting the boot file template based on the boot file template identifier, extracting the attribute value from the boot file request, and assigning the attribute value in the boot file request to the attribute of the template at set forth in the specification and recited in the independent claims 1 and 15.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
